Personal Portfolio and future projects

<https://faizan-portfolio-eqfi.onrender.com>

- My personal portfolio website, which would help me to include references for my future projects.
- I intend to keep creating projects in future to expand my knowledge and to keep improving my skills.

2023

StudySage

<https://studysage.onrender.com>

- This is my final year project in which I tried to make a better E learning web application which can help students.
- My aim was to make a better learning platform with good/Interactive UI and some additional functionalities.
- I made this using Node.js, Express.js for server, Mongoose.js for connection with MongoDB, EJS(template engine), JavaScript, Tailwind CSS.
